

Figure 1: Raw count rate curves of GRB 230114A recorded by the detector unit no. 1. The vertical dashed line marks the trigger time by Fermi/GBM.

Figure 2: Background fit to the data from the detector unit no. 1 by a second order polynomial. The pre-burst and post-burst intervals which were used for the background fit are delimited by the vertical solid lines.

Figure 3: Background-subtracted count rate curves from the detector unit no. 1.
